

Behavioral Health in Primary Care: Beyond the Basics

This series is great for providers who have already participated in BHIPP TeleECHO Clinics, or who feel like they are experienced in treating behavioral health in their practice setting and are looking to explore advanced topics.

What are the benefits?

- Enhance knowledge of child mental health
- Connect with other Maryland pediatric providers in a virtual format
- Share and discuss mental health cases with peers and subject matter experts
- Improve confidence with managing patients with mental health diagnoses
- Earn free CME and CEU credits

2022-2023 Dates

9/22/22	1/12/23
10/13/22	1/26/23
10/27/22	2/9/23
11/10/22	2/23/23
11/17/22	3/9/23
12/8/22	3/23/23

What topics will be covered?

The didactic presentations will cover ADHD, eating disorders, mood disorders, gender identity, sexual orientation, and increasing buy-in from families for mental health treatment. Additional mental health topics will be discussed through case-based learning.

Who Should Attend?

Pediatric primary care providers and care teams (e.g., pediatricians, family physicians, nurse practitioners, physician assistants, registered nurses, social workers, practice managers) are welcome and highly encouraged to participate.
